**Subject:** FOI request, Voluntary aided school Richmond upon Thames

Good morning Stephen

Thank you for your FoI request about a proposed VA school in Richmond.

In your email you ask for a copy of a section 7 request. Section 7\* requests are applications for consent to allow a local authority to enter a bid in a school competition. We have not received such a request, however, we have received two section 10 requests from the Diocese of Westminster for consent to publish proposals outside of a school competition for a secondary and primary school.

Can you please confirm that it is the section 10 requests rather than a section 7 that you seek?

Regards  
Simon
